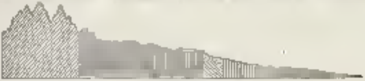
THE PIEDMONT CAROLINAS

Where And What It Is

Look at the map [illegible] has divided the Carolinas into [illegible] regions. [illegible] the rest in extent and [illegible] Pine Belt and [illegible]



These divisions are sharply defined. [illegible] belt or coastal plain noted for the [illegible] of its truck garden products.

Next comes the broad, almost level [illegible] belt, one hundred miles in width, chiefly agricultural, producing cotton, corn, tobacco [illegible] other [illegible] field crops in abundance.

Then comes the narrow Sand Hill Region, producing [illegible] of fruits and berries. The [illegible] Sand Hill Region is [illegible] well defined, [illegible] marked by the last outcropping of the granite which underlies the Piedmont and the Mountain sections.

Extending another hundred miles from the [illegible] to the edges of the Blue Ridge [illegible] the Piedmont [illegible] rolling, growing gradually more hilly until it merges with the Blue Ridge Mountains.
